

# JumpStart Your FSMA 204 Compliance

Powered by UniPro + iFoodDS

## Supplier Onboarding is the #1 Hurdle — Let's Get Over It Together

The next 12 months will define your success with FSMA 204. The biggest challenge? Getting your suppliers onboarded and sharing data.

That's where iFoodDS comes in. Our JumpStart Program is built to eliminate friction and get your suppliers compliant, fast.

### What You Get with JumpStart:

- **Free Trace Exchange Account** for UniPro Members<sup>1</sup>
- **Supplier Onboarding Done for You** — we reach out, educate, and support<sup>2</sup>

### What You and Your Suppliers Get with Trace Exchange:

- **Effortless, Cost-Effective Data Sharing** — Share traceability data with any customer—inside or outside the Trace Exchange network.
- **Complete FSMA 204 Compliance Solution** – Master data management, flexible data capture and storage, data sharing, traceback and forward dashboards, compliance tracking, FDA-ready reports, and more.
- **FSMA 204 Certification Program** — ensures you and your suppliers are prepared to share data and meet FSMA 204 requirements

*Traceability is a team sport - and we can help you build a winning team*

<sup>1</sup>Trace Exchange free trial offer expires December 1, 2025. UniPro Members get free trial access to Trace Exchange until January 1, 2027.

<sup>2</sup>Must enroll in Trace Exchange free trial offer by August 31, 2025 to receive no-charge supplier onboarding.

# NEW: FSMA 204 Certification Program

Included as part of JumpStart, this 6-module course helps you and your suppliers:

Understand FSMA 204 requirements

Learn how to capture, store and share critical tracking events and key data elements

Identify KDEs and CTEs

Meet customer requirements

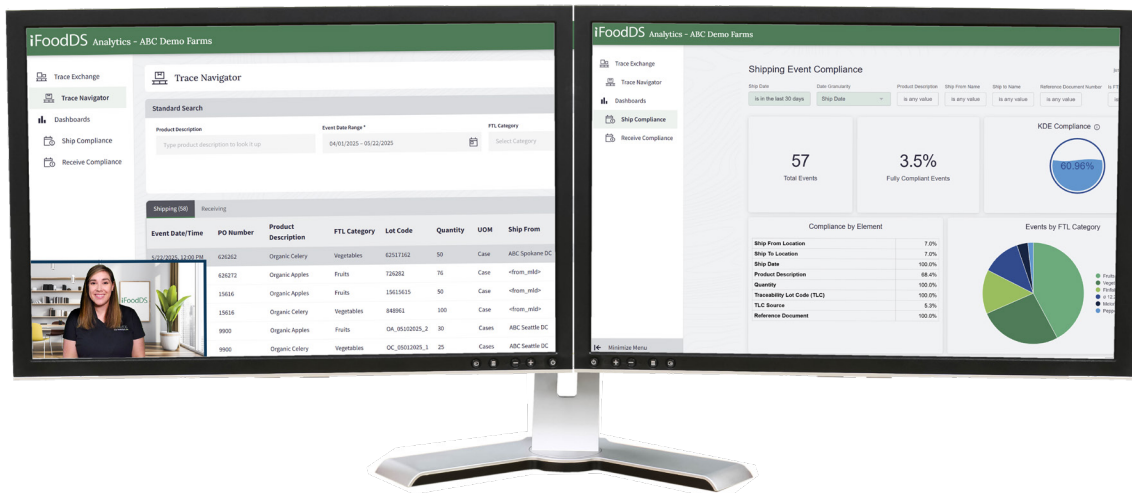

Verify labels

Draft a traceability plan

## Start Today — Stay Ahead

The clock is ticking. Supplier onboarding can't wait. Join the distributors already using iFoodDS to streamline traceability and stay ahead of FSMA 204.
